

IS IT REALLY POSSIBLE TO

CREATE A WORLD THAT WORKS

FOR ALL OF US? SOME DOUBT IT. BUT NOT ALL...

Very soon 44 inspired leaders from around the world will gather in Austin, Texas, to answer that very question. Are you one of them?

The VISIONFORCE Boot Camp.

Be A Visionary.

This Boot Camp awakens the human spirit; engaging mind, body, emotion and spirit in a way that prepares one for the challenges of a visionary life in the 21st century.

At this intensive 5-day retreat, you will enter a sacred space with kindred spirits who are ready and willing to be the change now. Through reflection, conversation and experiential practice, you will come face to face with the challenges inherent in living true to your highest calling. Having faced the challenges that lie ahead, you will naturally then experience the heroic calling of the human spirit to stand for what matters most to you. From your stand, an inspired vision emerges, which gives you immediate and lasting access to the deepest levels of courage, strength and love it takes to create a world that really works for all of us.

"My fundamental assumptions and beliefs about what is possible for myself, humanity, and the future of the planet were completely shattered in the best and most inspiring way possible."

- Audrey P., Austin, TX,
Climate Project Presenter
and Energy Efficiency
Consultant

"During boot camp, I realized, more deeply than ever before, that I stand for social justice—today, I am about to release a nationally distributed documentary about visionary hip-hop artists using their medium to change the world."

- Emced H., Chicago, IL,
Filmmaker

"I walked away from boot camp with a vision for myself and the world that I had never seen before. This was a unique and priceless awakening to a new paradigm in humanity's development."

- Olivier T., Boulder, CO,
Multi-Cultural Educator
